SUGAR

(MAIL SPECIAL TO THE ADVERTISER)

WASHINGTON, March 6.—A recent letter about the sugar crop of Guadeloupe from Consul L. H. Ayme has been made public by the State Department:

"The grinding of the sugar cane, the principal product of this colony, began January 1. The crop is rather over the normal in quantity, but thus far of low percentage in sugar. This is due to unseasonable and excessive rains in December, and also during the past ten days. Normally, the canes should yield 10 per cent of centrifugal sugar, but thus far not more than 7 to 7.8 per cent has been obtained. However, the price of sugar in France has risen and may rise still further. The destruction of the great rum distilleries of Martinique last year has enhanced the price of Guadeloupe rum, and it seems probable the net cash result of the sugar crop this year will be greater than for some years past."

The State Department has received from Ambassador Tower, of Berlin, under date of January 23, 1903, notice that the German sugar bill was promulgated January 12, 1903. This law, which was passed in connection with the adoption by Germany of the Brussels sugar convention, provides:

Article 1. The second and third parts (sections 65 to 79) of the sugar-tax law of May 27, 1896, are repealed.

Article 2. Paragraphs 2 and 3 of the law are changed as follows:
Paragraph 2. The sugar tax amounts to 14 marks (\$3.33) per 100 kilograms (220.4 pounds) net weight.

Paragraph 3. The sugar tax is to be paid as soon as the sugar passes out of the customs control into free circulation. The proprietors of manufactories from which the sugar enters into free circulation are responsible for the payment. The sugar is security for the amount of the tax without regard to the right of a third party. In the same manner goods containing sugar, covered by paragraph 6, No. 1, are held for the tax.

The sugar tax is to be paid by the proprietor of the sugar manufactory in exchange for guaranties for the period of six months. The guaranty can be provided by the deposit of guaranteed bills for their current value, but not above their nominal value, or through bills of exchange and similar securities, of whose reliability the supreme finance authority of the land must have proof, or through first-class mortgage upon the sugar factories up to the half of their value, ascertained by official experts, or through the pledging of the sugar on hand for two-thirds of the market value under the tax control (with official seal).

Article 3. To paragraph 80 of the law is to be added: The entrance duty for sugar, for which no bounty has been granted in the countries of origin, is during the continuance of the agreement concluded in Brussels March 5, 1902, raised to the highest sum which is conceded according to the agreement.

The origin of the sugar must be stated on import.

Article 4. Paragraph 81 of the law is repealed.

Article 5. Sugar which has been received in a warehouse before this law goes into effect, if transferred to free circulation or to a sugar manufactory after the period mentioned, must repay the export bounty.

Article 6. This law goes into force simultaneously with the agreement of March 5, 1902, concluded in Brussels between the Empire and a number of other countries, viz, September 1, 1903.

CATTLE DISEASE IS IDENTIFIED

The attention of D. E. Salmon, Chief of the Bureau Animal Industry in the Department of Agriculture at Washington, has lately been called to a disease that has been very fatal to cattle on the Island of Hawaii, and Mr. Salmon has made some investigations and written his conclusions thereon to Dr. Rowat, of this city. He says:

"From the symptoms exhibited by the infected cattle, and from the disclosures from your autopsies, I am led to conclude that the disease is bilharziosis, which up to the present time has only been positively identified in Egypt, Italy and Sicily. It is caused by the bovine blood fluke, Schistosoma bovis, and although nothing is known regarding the life history of this parasite, clinical observation and analogy point to drinking water as the source of infection.

"I would be pleased to receive post mortem specimens from one of your cases, in order to verify this diagnosis."

HAWAII AS A TRAVELERS RESORT

Hawaii as a resort is the topic of the leading article in the Four Track News for March. This little magazine, which calls itself a magazine of travel and education, is handsomely gotten up and finely illustrated, the article on Hawaii being embellished with a number of pictures, from palms and grass houses to modern Honolulu and surf bathing, and altogether gives a pleasing outline of the attractions of the Island Territory as a resort for the traveler. In addition to Hawaii the number of the magazine has excellent articles on Cuba, "A Pilgrimage to Shakespearean Shrines," "Victoria," "The Trail of Leather Stocking," and other interesting things, all intended to interest the reader in travel and sight-seeing.

Comedy at the Orpheum.

"The Lady of Ostend" will be repeated by the Waldorf company tonight at the Orpheum Theater. Burnand's clever comedy scored a genuine success when played before, and its revival should be greeted by a large audience. The troubles of a man who was "snapped" by a cinematograph fiend when in a compromising position with a lady are funny enough to be told again with renewed zest. Tickets are now on sale at the theater.

GREAT GRUMBLERS

Grumbling Will Cease if Honolulu People Follow This Advice.

Backache is the first grumbling warning. The kidneys give it, if you heed it not.

Look out for trouble, it will surely come.

Urinary trouble, kidney trouble and many miseries.

Doan's Backache Kidney Pills are made for kidneys only.

They cure every form of kidney ill. The experience of Honolulu people proves this.

Here's a case in point.

Mr. F. Metcalf, of this city, gives us the following information: "I was afflicted with a painful feeling in my back for over five years. The various remedies resorted to did me no good, until, falling in with the advice of a friend (Mr. W. J. Maxwell), I procured at the Hollister Drug Co. some of Doan's Backache Kidney Pills. I had hardly finished taking them when the pain left me altogether, and I now feel that I have been completely cured of the terrible suffering I underwent formerly. By keeping a box of the pills in the house I am fortified against any possible return of my complaint at future times. It seems almost miraculous that the pains should have vanished so speedily. All sufferers from backache should get some of Doan's Backache Kidney Pills."

Doan's Backache Kidney Pills are sold by all druggists at 50 cents a box, six boxes for \$2.50, or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Discuss Liquor Laws.

The Y. M. C. A., believing it a duty of its men to study proposed legislation rather than to let it pass and then kick, is to have a free discussion of the liquor bills tomorrow afternoon at 4 o'clock. Rev. G. L. Pearson has made a careful study of the bill prepared by the liquor dealers and will speak on it. Rev. E. S. Muckley will explain and champion the Local Option bill. The speakers will gladly answer questions and time will be allowed for discussion.

HERPICIDE

Relieves Dandruff
Immediately

and causes thick, glossy hair to supplant the former thin, brittle growth.
Newbro's Herpicide performs its work on the principle, "Destroy the cause, you remove the effect," and consequently it reaches and kills off the ever-busy microbe, which is responsible for all scalp diseases. It thus makes dandruff and falling hair impossible, and promotes a luxuriant growth of hair that soon becomes the pride of the owner. Even on bald spots it soon produces hair as thick and luxuriant as anyone could wish for.
One bottle will convince that it is the only hair restorer that really restores.
